

## Eye Lash Extensions

**Marvel-lash** is a simple, safe and effective method of dramatically enhancing the appearance of the eyes. The natural lashes are thickened and lengthened with instant results and feel almost weightless. They are comfortable to wear and look and feel just as if they're your own. The results can last up to 2 months.

The initial treatment can take between 1 ½ - 2 hrs with approx 30 lashes applied to each eye, the enhancement lash being placed directly onto your natural lash. The lashes are available in various sizes and your therapist can discuss the suitability of lengths and the look that you wish to achieve. Once they are applied they do not need to be removed - even at bedtime. Perfect for holidays, weddings, special occasions and everyday use. Top up treatments are recommended between 2-3 weeks and will take between 30mins - 1hr to complete, the result can then be maintained indefinitely.
